Jimmy Nguyen

Bartlett, TN 38133-2880 | **(901) 463-7977** | jtnguyen09@outlook.com

Recent Computer Science graduate with hands-on experience in Software Engineering, Information Technology, and Data Science. Assisted in multiple projects involving data analysis from multiple spreadsheets and app development for multiple companies and organizations. Eager to utilize technical skills and knowledge on databases and programming languages at FedEx Freight.

EDUCATION

B.S. in Computer Science | University of Memphis | Memphis, TN

- **Major:** Computer Science
- **Honors:** Magna Cum Laude (GPA: 3.65), Dean's List of Fall 2024, Spring 2025, Fall 2025, and Spring 2026

RELEVANT EXPERIENCE

Software Intern | SHARP Electronics | Memphis, TN | Jun. 2026 - Present

- Redesigned labels in BarTender Designer and connected them to the database for printing labels for each unit.
- Contributed to the UI/UX redesign of their label printing website.

Project Intern / Software Intern | SHARP Electronics | Memphis, TN | May 2025 - Aug. 2025

- Filmed and edited tutorial videos for new recruits on unit assembly procedures.
- Developed a standard video template for how tutorial videos are to be edited.
- Took on software intern duties on top of my project intern duties.
- Contributed to the development of the Unit Test Checklist.

RELEVANT PROJECTS

Label Designing Project | SHARP Electronics

- Redesigned barcodes in BarTender Designer to display data from the database.
- Consistently updated the database with the addition of the new units and their information in MySQL Workbench.
- Fixed the scripts of the labels in BarTender Designer to accurately output the current date and new serial numbers every day.

Unit Test Checklist | SHARP Electronics

- Built a mockup for the app with HTML for the frontend.
- Initialized the app in Flask and utilized Python to route each page.
- Attended multiple meetings regarding the development of the app and proposals for the frameworks and design.

Project Green Fork | CleanMemphis | University of Memphis

- Worked in a team to develop a record-keeping app for CleanMemphis.
- Performed primary tasks such as database management and implementation of account creation.
- Demonstrated our project and won first place at the University of Memphis' Capstone Project Showcase.

SKILLS

- **Languages:** Java, Python, C, C++
- **Frameworks:** React, Angular Flask, Ruby on Rails, Django
- **Developer Tools:** Visual Studio Code, MySQL Workbench, PyCharm, Anaconda
- **Operating Systems:** Linux, Windows, macOS
- **Other Tools/Platforms:** Excel, Word, PowerPoint, Outlook

ACTIVITIES

Theatre Usher | Theatre Memphis | Memphis, TN | Mar. 2023 - Current

- Greeted patrons and ensured a satisfactory experience for them.
- Awarded the Student Usher Award of 2023.

Robotics Club Volunteer | Oak Elementary School | Bartlett, TN | Nov. 2021 - Apr. 2022

- Tutored students in the process of building and programming VEX robots.
- Assisted students in developing soft skills such as teamwork and communication.
